

ANNOUNCEMENT

PIV/CAC Authentication

You can use your Personal Identity Verification (PIV) or Common Access Card (CAC) cards to login to the following GSA applications:

- [GSA Advantage!](#) & Virtual Stores (e.g., Air Force Advantage!)
- [GSA Global Supply \(GGS\)](#)
- [USMC ServMart](#)
- [eBuy](#) (Buyer)

We're confident this added feature will simplify the login experience for our customers who rely on GSA systems and services to accomplish their agencies' missions.

What actions will I need to take to register and use my PIV/CAC card for these systems?

GSA Advantage provides the Federal users the ability to quickly login using a Personal Identity Verification (PIV) or Common Access Card (CAC) card. GSA Advantage provides the ability to add your PIV/CAC card during new account registration, or for existing users, add your card to your account at any time.

Existing users: go to your MY ACCOUNT > MEMBER INFORMATION page. From there, click "Register PIV/CAC card" at the top of the page, and complete the steps to identify the appropriate digital certificate associated with your PIV/CAC card. Once your card is registered, you will be able to login using just your PIV/CAC card and its built-in PIN number! For additional instructions in registering and using your PIV/CAC, please refer to the [PIV/CAC Registration instructions](#).

Questions?

Experiencing issues registering your card or just have questions? Contact the GSA Advantage! Help Desk at gsa.advantage@gsa.gov or 1-877-472-3777. You can also access the GSA Advantage! PIV/CAC Login Instructions [here](#).

Thank you for your continued partnership.

Best,
The GSA Advantage team
